Cloud & M365

Azure, Entra ID, Exchange Online, compliance, tenant operations

Automation

PowerShell, deployment workflows, policy-driven operations, optimization

Operations

Monitoring, patching, client lifecycle, end-user support, governance

EXPERIENCE HIGHLIGHTS

Systemadministrator

2016 - PRESENT

North Media (FK Distribution A/S)

- Own and optimize Microsoft server and Windows environments across hybrid Entra ID, Microsoft 365, and private cloud platforms.
- Drive PowerShell-based automation, endpoint lifecycle operations, and platform governance to reduce manual effort and improve stability.
- Manage hybrid Exchange, mail security, and core directory services with focus on uptime, security, and operational clarity.

Operations Specialist

2012

Forenede Holding

- Maintained Microsoft server operations integrated with Azure Hybrid, M365, and private cloud infrastructure.
- Led deployment, imaging, configuration, and patch workflows with strong emphasis on consistency and reliability.

Earlier Roles

1991 - 2008

Xtracon, Ørsted, SAP Danmark, Danish Armed Forces

Built broad hands-on experience in consulting, desktop architecture, enterprise operations, deployment, support, leadership, and training.
